Sling Machine Price List

Sling Machine

- Includes: 24" extension for preschool use, two 360° ceiling mount swivels, Installation & Use Instructions

Easily converts to a belt/harness spotting system

Make-a-Mountain

Use individually, or assemble your own preschool mountain
Builds from a triangle to hexagon (6 wall) mountain with roofs
Non-marring, non-skidding rubber hooks for stability
Brightly colored individual panels
Velcro together for stability
Smooth rocks encourage kids to "climb the mountain"

Make-a-Mountain Price List

3' x 5' High

- Single Panel with Velcro tabs & one color
- Single Panel without Velcro tabs & one color
- 3 Wall Triangle Mountain
- 4 Wall Square Mountain
- 5 Wall Pentagon Mountain
- 6 Wall Hexagon Mountain

*All sets include mountain top roof (ask for individual roof prices).

Build a Rock Climbing Wall

Includes:

1. All 4'x8' commercial duty vinyl sheets with pre-marked rock hold locations.
2. All rock holds (12 per panel) and mounting hardware.
3. Assembly and installation instructions.
4. All you supply are the 4'x 8'x 3/4" wood panels. (This dramatically reduces your product and shipping costs.)

Price: \$120 per each 4'x8' vinyl sheet & holds (Does not include applicable sales tax, shipping or handling fees.)

Due to changes in insurance, we are not able to sell certain products unless we install them for you ourselves. The Sling Machine, Super Swing, and Build-a-Rock-Wall products can only be sold locally in California, and only if you pay us to install them for you. Ladders, Trapeze, Cargo Nets, and Make-a-Mountains do not require installation. We deeply regret this change and hope to remedy it in the future.
